

Clergy/Spiritual Care

Your spiritual needs are also our concern. On admission, if you indicate an affiliation with an area church, your name will be listed accordingly so your minister or priest will know you are hospitalized. If you do not wish to have the clergy notified, or you want to speak with a clergy member, please request to speak to the Nursing Supervisor or Director of Social Services and she will make the necessary arrangements. The Marlin D. Jackson Chapel is located on the second level and is open 24 hours a day, 7 days a week.
